Why buy bott

Global Presence, Local Service

The Bott Group was established over 80 years ago and Bott Ltd have been manufacturing workplace storage equipment in the U.K. for over 40 years. Collectively the Bott Group has 3 European manufacturing sites.

Bott's modern, flexible manufacturing capability and modular design ethos enables us to make most products to order and offer a comprehensive range combined with short lead times.

As a business we've also invested in green technologies such as rainwater harvesting, energy efficiency, solar power, intelligent lighting and waste stream recycling.

As partner to some of the biggest names in industry, and with a wealth of in-house knowledge and skill, Bott is well prepared to assist you with your workplace storage projects.

Designed To Perform, Built To Last

Our Built to Last philosophy drives every aspect of our business, Bott's success is built on exceeding customer expectations.

Before any Bott product goes on sale it undergoes a rigorous testing regime ranging from saltwater spray to load and wear tests meaning you can be sure that it's fit for purpose and have 100% confidence in its durability.

Bott products have exceptionally high capacities from 100% extension, 200kg drawer options to 1 tonne U.D.L. rated benches.

Support is only a phone call away and we stand by our products to ensure they deliver for your business. That's why all Bott manufactured workplace products come with a **10-year extended guarantee**.

**Extended
Guarantee**

Your Project Partner

Consult - Develop - Deliver - Install

Our project sales engineering team can visit your site to gain an in-depth understanding of your business and the exact project requirements.

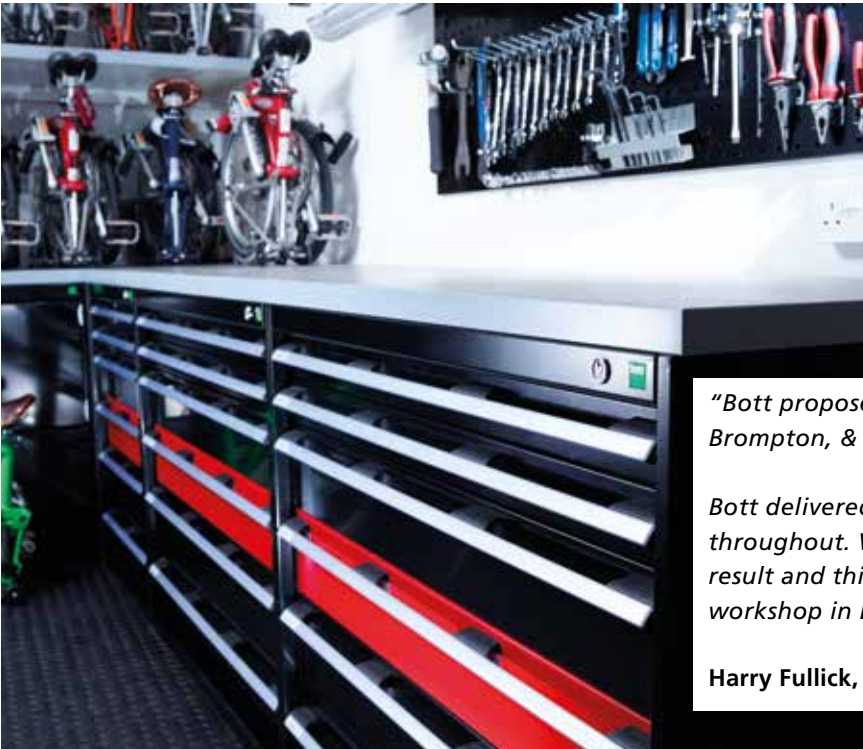

Working with you, and utilising their knowledge and experience, they will propose a tailored solution and provide full 3D visualizations giving a clear visual impression of the proposed workspace.

Bott are also able to provide a comprehensive installation service. The team will unwrap, assemble and position the equipment working in conjunction with all the site requirements.

Bott installation ensures the optimum fitment of the chosen items and offers the minimum disruption to your production process and a swift and easy transfer to your new workspace.

For more information see bottltd.co.uk/workshop-Installations.

Heavy Duty Cabinets

- Heavy duty cabinets
- Housings can support up to 1000kg U.D.L. capacity
- 75kg U.D.L. capacity drawers
- 100% extension drawer roller bearing slides
- Full range of division accessories
- Built to last with 10 year extended guarantee

"Bott proposed a solution which delivers for Brompton, & more importantly for our customers.

Bott delivered on time and kept us updated throughout. We're really pleased with the end result and think we now have the smartest bicycle workshop in London!"

Harry Fullick, Brompton Bicycles

Cubio Dividers

- Quick and easy to install
- Reconfigure as required
- Optimise storage space
- Suitable for all cubio drawers
- Supplied as pre designed kits for ease of choice
- Custom layouts available, please ask for details

Adjustable Metal Dividers

Galvanised metal dividers in a wide range of sizes to suit all cabinets

All parts are readily adjustable in position allowing individual layouts to be easily created and amended as requirements change.

Plastic Boxes

Tough plastic divider boxes in a wide range of sizes and heights.

All are easily removed to allow use elsewhere and easy amendment of layout. Labelling kit available.

Plastic Troughs

Tough plastic trough sections in two, three or four channel types.

All are sub dividable and may be removed to allow easy amendment of layout.

Inlay Mats

Quality rubber matting for the drawer base.

Provides a softer, safer base for expensive or delicate items and can reduce noise especially in mobile applications. May be used in conjunction with the metal dividers.

"We approached Bott with an initial idea for what we wanted; the team at Bott then created a 3D design proposal.

The equipment was then manufactured and installed to support our requirement.

Given the exacting nature of our work we need a very well organised and tidy workplace to ensure we successfully deliver to our clients, the Bott equipment and design process has given us a truly professional workshop."

**Daniel Hall; Senior Manager.
Ricardo UK**

"The Bott team took the time to understand our storage requirements, and developed and installed a solution optimised around our needs, supporting our ethos of professionalism and efficiency"

Ross Bunyard, Castle Air

Heavy Duty Mobile Cabinets

- Heavy duty mobile cabinets
- Up to 600kg U.D.L. capacity
- 50kg U.D.L. capacity drawers
- 100% extension drawer roller bearing slides
- Drawer blocking and safety interlocks
- Quality handle and castor set
- Top tray with inlaid mat
- Full range of division accessories
- Built to last with 10 year extended guarantee

Bott developed and installed a bespoke storage system for our Brackley workshop.

From the high-quality cubio range, the equipment was designed to improve productivity and efficiency and to support the Invictus Games Racing team throughout the GT race season.

Cubio Cupboard Doors

Bott cubio cupboards are also available in alternative door styles including sliding, roller shutter and window. Please ask for details.

"The show can be pretty chaotic, so I need a well organised environment. The Bott equipment makes this a reality.

If you're going to take on any kind of project make sure your workshop is kitted out with proper quality equipment, we have and it makes all the difference"

Edd China; Mechanic & Presenter.
